THE HOLY BIBLE IN ESPERANTO*

DEDICATED IN ST GILES CATHEDRAL, EDINBURGH,
at the 18th International Esperanto Congress, August, 1926.

SPELING REFORM

ESPERANTO is founded on the Latin Alphabet and by the addition of new letters [ĉ ĝ ĥ ĵ ŝ] gives an extended scope for new sounds, and maintains uniform sounds for all the letters. There has been for a long time a desire for a logical spelling, and at the present time there is quite a bewildering series of schemes for arranging the old letters for newer sounds. At the present time Africa is spelt two ways—the British use the “c” and the Dutch the “k,” and both ways appear on the postage stamps. The sturdy “k” is being crushed out of useful existence. Dr Andrew Carnegie, (a native of Fifeshire, who, when Chancellor of the University of St Andrews gifted £13,000 for spelling reform), must have noticed how unsatisfactorily the sound of this letter is treated. In Cupar it is “C,” while in the adjoining parishes of Kemback and Kilmany it is “K.” Ceres it is pronounced Seres. In Kirkcaldy both “K” and “c” are used; and also an “l” which is not sounded at all. It is amusing to listen to visitors trying to spell or pronounce place names. For example, “ch” usurps the place of “k” in the word school, and the letter “u” is removed from its proper place for “oo.”

The Fonetik Society was founded on 1st March, 1843, and its second and third objects were to introduce an improved modern method of teaching to read the present books by first using fonetik books; and to reform the orthografi of the English language, by the use, in writing and printing, of an alfabet which contains a distinct leter for each different sound used.

* The Esperanto letters are known all over the world. They can be had from type founders at ordinary prices. Any persons who know the Latin alphabet and have the extra letters printed above named to them, can read right away. Language so easily read can surely be easily learned. That was shown to be the case with the first excursion of Esperantists to Scotland in 1907. We intend to repeat the experiment in the next issue of our “Skots at Hame and Abroad.”

The English language has a big start over all others, and it only requires an extension of Pitman’s fonetik longhand letters to make it as universal and unapproachable as its winged Shorthand. We intend to show how in an early issue of our latest international publication.

PREFACE TO 1931-32 EDITION.

WE have pleasure in producing another issue of our hardy Annual.

The early numbers contained the Officials and Householders of Buteshire only. The Anniversaries and Traders were absorbed from the West Coast Almanac, issued at the New Year, and embracing districts outside Buteshire—the phenomenal success of which in Mid Argyll, led to the establishment of the printing office in Lochgilphead.

Rothesay is the most attractive and best known. We would like to see its spirit of enterprise spreading among the other districts. They have each and all something to be proud of. These cannot be properly appreciated until better known. In the present Directory we continue the four distinct parts : viz., Anniversaries, Officials, Householders and Traders.

This DIRECTORY is not only at hand for reference at all times throughout the whole county, but it is also ready for reference in the public libraries of Scotland, England, Ireland and Wales, and also in numerous business houses and agencies in busy centres ; besides this, we send copies to the passenger steamers communicating with the islands of Buteshire, and these are hung up in their cabins.

The Public Libraries as a rule do not subscribe to other than the few large National Directories. The more numerous and detailed District Directories would cost too much. For years we have sent, complimentarily, copies of ours—which are much appreciated ; and we are prepared to increase this number by forwarding other free copies to any Libraries to be named by customers giving orders to the value of £1.

As our Advertising friends appreciate the continued distribution of their announcements facing the ordinary reading matter, we will, on receipt of orders early, keep permanent this decided advantage.

We again give list of Householders but do not aspire to compete with the official Voters' Roll—for which we are assessed, and anyone can buy in whole or in parts.

Our best thanks are again accorded to those who have in any way helped us in this compilation. It takes long and careful vigilance to ascertain and give effect to the continual changes.

HIGGIE & CO., PRINTERS and PUBLISHERS
ROTHESAY, August, 1931.

P.S.—Will the many persons who consult the BUTE COUNTY DIRECTORY in the Libraries, Reading Rooms, Banks, Offices, Shops, etc., throughout the County and beyond it, *free of charge*, please remember that they are indebted for this privilege to the patronage of our Subscribers and Advertisers.

As far as we can see, the information about Millport and Cumbrae is quite correct and thoroughly reliable, so we may take it for granted that the rest of the matter is the same. The book, which runs into 144 pp., should be extremely useful and convenient for the residents of the county of islands, as well as to visitors, especially those who have business dealings with the inhabitants.—*Largs and Millport News*

This useful publication is again to hand. The publishers have been so enterprising as regards its compilation that the Directory is now an absolute necessity to business people who have dealings with the picturesque County of Bute. It should be noted that the Directory also contains a useful almanac.—*Ardrossan Herald*,

"One of the most gratifying messages of good will that has reached us this season comes from Rothesay, Scotland, in the form of a 'Heather Christmas Card' issued by Messrs Higbie & Co., of that favourite resort. . . . The two inside pages are surrounded with mottoes, every one of which breathes a true Scottish sentiment of good will to absent relatives or acquaintances. Along with this card Messrs Higbie & Co., send us a copy of their guide to 'Bonnie Scotland's Resorts,' a wonderful little compendium of descriptive and historical information."—*New Zealand Times*, Wellington.

"They're faur, faur awa', but thair hearts are kind and true—

The auld house at hame is ever in their view :

The Bonnie Heilan' heather and the hilltaps clad wi' snow—

Their hearts are aye in Scotland though they're faur awa'."

That very useful publication "The Bute County Directory" is now on our desk, having just been issued. That veteran of the printing fraternity, Mr Higgin, is entitled to congratulation on the book, which runs to 150 pages, and is invaluable to anyone doing business in the Burgh or County.—*Rothesay Express*.

Our old friend Mr George Higgin (Higgin & Co., publishers, Rothesay), has once more sent us a copy of his useful Bute (County and Burgh) Directory. The contents appear much as usual, and at least they are not curtailed from previous issues. The Calendar, with its local anniversaries, is an interesting feature and the events recalled include many Millport ones.—*Largs and Millport Weekly News*.

The *Argyllshire Advertiser* of 19th Sept., 1928, says:—"Those in Mid-Argyll who have business connections with the Island of Bute would find it an excellent investment to spend 3s in the Bute Directory, now being circulated by Messrs Higbie & Co., Rothesay. LONG LIVE THE BUTE DIRECTORY

The Opinions of the Press and the Acknowledgments of Libraries are as complimentary as ever. The "Glasgow Evening News" makes the following appreciation of "Local Colour.—The compilers of the Bute County Directory have an ingenious method of making up the local colour and stimulating local pride instead of filling up the Calendar with the stock anniversaries. they have put against each date a local happening." Thus—[Two events mentioned]. "It is certainly an idea that makes for atmosphere.'

The *Helensburgh and Gareloch Times* says this useful hand-book is brimful of information regarding the County of Bute. The public officials, lists of householders and business people in this popular health resort will be most serviceable. Notwithstanding the greatly increased cost of production, the price of two shillings has been maintained.

COUNTY OF BUTE.

THE COUNTY OF BUTE comprises the seven islands in the Firth of Clyde, viz., —**BUTE**, the most populous; **ARRAN**, the largest; the **GREAT** and **LITTLE CUMBRAES**, off the Ayrshire Coast; **HOLY ISLE** and **PLADDY**, off Arran; and **INCHMARNOCK**, off Bute.

The total **AREA OF THE COUNTY** (land and water, exclusive of tidal water) is 139,658 acres, of which 53,510 are mountain and heath lands used for grazing. 3,806 acres are under plantations, and 794 are covered with water. There are 25,981 acres under all kinds of crops, bare fallow and grass, which is a gradual inroad on the mountain heath and hitherto uncultivated land.

The principal **INDUSTRIES** are agriculture, horticulture, and fishing. The islands possess great and varied natural attractions, and are in the forefront as holiday resorts.

The **Population** of the **COUNTY** (including its Burghs of **ROTHESAY** and **MILLPORT**) in 1801 was 11,791; 1831, 14,151; 1861, 16,331; 1881, 17,657. Parish of North Bute.

THIS is the northern portion of the island of Bute. Port-Bannatyne, its principal village, is two and a-half miles from Rothesay, with which it is connected by tramway. Kames Castle, in the vicinity, is said to be the oldest inhabited castle in the country, and was the ancient seat of the Bannatynes. The village was named after that family—two brothers of whom (John and Gilbert)—received a charter from King Robert the Bruce, for services rendered at Bannockburn.

At the 1921 census, (taken in June instead of April) the parish contained 1201 males and 1529 females—total, 2730. The 1931 census, taken in April, showed the population of the Island outside o Rothesay to be 2,779

The Bute County Directory

is the only Publication of the kind printed and published in Buteshire. Its data is carefully compiled, and much time and attention is devoted each year to the careful investigation and noting of the necessary alterations in the personnel of the occupants of public offices, the correct addresses of the general inhabitants, and the latest changes amongst those engaged in business.

The earliest publications connected with Rothesay were Directories, and they are interesting reading even at this time of day.

Our publication not only includes the Burgh of Rothesay (where it has long been most appreciated, but embraces the whole of the County of Bute—from the outlying districts of which more interest is respectfully solicited.

Owing to the increased prices of material and wages, we have been compelled to raise our tariff from pre-war issues, but that advance is not nearly equal to the increased cost of production : We desire not the curtailing of our information, but the continuing of everything as full as possible.

The Isle of Arran.

THIS island, the largest in the group, is famous for the grandeur of its scenery and the variety of its geological deposits. The island is 36 miles in length, 20 in breadth, and is divided into two parishes—Kilbride on the east, and Kilmory in the west. The late King Edward and Queen Alexandra spent a very pleasant holiday in the island after their postponed Coronation in August, 1902, and witnessed some very interesting sheep dog trials—which lengthened their stay

CHARM of the HEATHER

A SPRIG OF SCOTS HEATHER is as lightly thought of at home as a drink of cold water (of which there is more than enough to spare), but it is an inspiration and a valued reminder of the pleasantest of memories to Scots and their friends abroad.

The exchange of national floral emblems will yet become exceedingly popular among those who work for human brotherhood.

We produced Victory Commemoration Bookmarks—in connection with the Armistice, the Signing of Peace and the succeeding Joy Day Celebrations,—which were considered very appropriate.

Remember Friends Abroad.

While enjoying holidays remember to gather sprigs to send to friends abroad, or in response to appeals you will see in leading Scottish weekly newspapers.

We have for years sent boxesfull of heather to friends and societies abroad. We frequently respond to newspaper appeals, and the following is a sample of the acknowledgments received :—

East London, C. P., So. Africa, 18th Dec.

Mr George Higgin, 22 Bridge St., Rothesay, Scotland.

On behalf of the East London Caledonian Society I wish to thank you for being so kind in responding to my appeal for heather, which was sold on our Patron Saints Day, and realised the very handsome sum of £265 5/11, and has been forwarded to the fund for disabled Sailors and Soldiers. The heather was received in first-class condition, and was much prized —Yours faithfully, JAMES FORBES,

Convener of Heather Committee.

It is not only Scots abroad who enjoy a sprig of something that actually grew at home. The Glasgow 'Evening Times,' while the above acknowledgment was on the ocean, printed the following ;—" Flower girls in Argyle Street are making brave display with the mimosa, which comes to us from the Continent before the swallows or even the daffodils dare. It is one of the indications, after the shortest day, that somewhere the sun is shining, and that winter is waning. Australians in town are greatly cheered by the golden glory, for the mimosa is the wattle of their homeland, carrying with it the same significance as the heather to a Scot abroad."

Colonials and others on holiday in this country, have thanked us personally for sending them souvenirs of Scotland when far away; and others have reciprocated by sending preserved leaves and flowers from their distant lands.

The exchange of national floral emblems will yet become exceedingly popular.

Botanical Specimens go through the post at letter, sample or parcel rates.

BUSINESS
Education.

SHORTHAND TYPEWRITING, ESPERANTO,^{AND} BOOK-KEEPING.

MR HIGGIE'S CLASSES FOR PRACTICAL INSTRUCTION are conducted during the two Winter Quarters--October till December and January till March.

PRIVATE TUITION BY ARRANGEMENT.

Shorthand continues to be taught with a view to its subsequent usefulness in Business and Professionally.

In **Typewriting** special attention is devoted to Punctuation and Capitalisation—a thorough knowledge of which is absolutely necessary in Practical Printing and cannot longer be neglected by those aspiring to be First-Class Typists.

Esperanto.—This wonderful International Language is already used for Business and Pleasure in all parts of the world. Mr HIGGIE is in touch with important regions all over the world, and regularly corresponds with persons everywhere—notwithstanding their different national languages.

This auxiliary language anticipates the happy time when there will be "Peace on earth and good will to men," which is coming yet in spite of the present times of "great tribulation"—caused by covetousness, selfishness, greed, and wanton hindrance to peaceful reconstruction. The efficacy of the International language in tracing missing friends and making new ones has been and is being repeatedly evidenced.

Anticipating the boom in International Trading after the World War, experiments by means of inter-correspondence in Esperanto are being made by business firms throughout the world with eminently satisfactory results. It is not the tyrants but the "meek who shall inherit the earth." The blatant, self-righteous and arrogant despot were beaten, but Righteousness is yet to be exalted, and frightfulness loathed. The longed-for League of Nations is evolving, when harmony and good-will shall yet reign in spite of all present discord and opposition—but not without many sacrifices, much service and suffering. Prosperity will not come through desiring something for nothing, but through universal patient industry for the public good.

Book-Keeping.—Instruction given in Book-Keeping and other Up-to-Date Business Methods. Advertisement Writing is a Present Day Enviable Profession, and the ground-work and minutiae have long been familiar to Mr Higgle, practical Printer.

Messrs HIGGIE & COY'S ESPERANTO PUBLICATIONS are known, read and appreciated throughout the whole civilised world. Many of the contributions are written by up-to-date foreigners.

THE HOLY BIBLE IN ESPERANTO*

DEDICATED IN ST GILES CATHEDRAL, EDINBURGH,

at the 18th International Esperanto Congress, August, 1926

ESPERANTO is founded on the Latin Alfabet and by the addition of new letters [ê û ñ ã ñ] gives an extended scope for new sounds, and maintains uniform sounds for all the letters. There has been for a long time a desire for a logical spelling, and at the present time there is quite a bewildering series of schemes for arranging the old letters for newer sounds. At the present time Africa is spelt two ways—the British use the “c” and the Dutch the “k,” and both ways appear on the postage stamps. The sturdy “k” is being crushed out of useful existence. Dr Andrew Carnegie, (a native of Fifehire, who, when Chancellor of the University of St Andrews gifted £13,000 for spelling reform), must have noticed how unsatisfactorily the sound of this letter is treated. In Cupar it is “C,” while in the adjoining parishes of Kemback and Kilmany it is “K.” Ceres it is pronounced Seres. In Kirkcaldy both “K” and “c” are used, and also an “l” which is not sounded at all. It is amusing to listen to visitors trying to spell or pronounce place names. For example, “ch” usurps the place of “k” in the word school and the letter “u” is removed from its proper place for “oo.”

The Fonetik Society was founded on 1st March, 1843, and its second and third objects were to introduce an improved modern method of teaching to read the present books by first using fonetik books; and to reform the orthografi of the English language, by the use, in writing and printing, of an alfabet which contains a distinct letter for each different sound used.

*The Esperanto letters are known all over the world. They can be had from type founders at ordinary prices. Any persons who know the Latin alfabet and have the extra letters printed above named to them, can read right away. Language so easily read can surely be easily learned. That was shown to be the case with the first excursion of Esperantists to Scotland in 1907. We intend to repeat the experiment in the next issue of our “Skots at Hem and Abrod.”

The English language has a big start over all others, and it only requires an extension of Pitman’s fonetik longhand letters to make it as universal and unapproachable as its winged Shorthand.

With assistance, we hope to show how in the subsequent issues of our latest international publication.

SPELLING

THIS is the name of a new and flourishing Monthly Magazine published jointly by Simplified Spelling Board, Simplified Spelling Society, and Spelling Reform Association. Issued at Lake Placid Club, New York, U. S. A. Single copies (same size as ours) 10c. Annual Subscription, 25c In the September Number there is a complimentary notice of our serial as follows:—

"Simplified Spelling of Scotch Fosters Love of Nativ Traditions."

"The editor has lately been receiving copies of a very interesting magazine put out in the British Isles. Its title is 'SKOTS AT HAME AND ABROAD,' being an Interesting and Profitable Collection of Miscellaneous Articles mostly printed in current English and Introducing the Best of any System of Simplified Spelling, Pitman's Fonetik Longhand, the Scottish Vernakular and the Key Lingvo, Esperanto. It has printed many articles by leading spelling reformers of Great Britain (including the rapid fire simplified spelling propaganda of Henry Drummond), and is campaigning for improvement in English Spelling along *all* the fronts of simpler speling, fonetik speling, better spelling for a world English."

This American Simplified Spelling League has substantial monetary support. The annual contribution of an associate is 1 dollar; contributing associate 5-dols.; member, 10 dols. per annum. A Fellow, 100 dols., and a Patron, 1000 dols. in one payment.

We thank our Scots friends for their subscriptions to our magazine and their literary contributions. We have been unable to keep up the issues monthly. This is our eighth issue. We hope to complete the dozen: but to insure our desire to continue will require more encouragement. Spelling reform must come, tho' we may not live to see it.

Our Local Directory

- FOR ALL BUTESHIRE, and
- NO PLACE BUT BUTESHIRE. -

THERE are (or were) other BUSINESS DIRECTORIES* (printed outside) which include some references to Buteshire, but our Publication contains far more information about our Anniversaries, Institutions, Officials, Householders and Business People than all the others put together, and is cheaper than any.

ensures Prominent Name in
Business Section *free*.

Advertisements received early are placed next reading matter:—

For the special benefit of Residents and Visitors, copies of the Directory are sent to the Buteshire Post Offices on payment of postage.

We will continue our complimentary circulation among the Principal Public Libraries throughout the British Isles.

We make a long and diligent search for alterations in present public institutions throughout Buteshire, and shall be glad to have notification of same, and also list of office-bearers of any new society. We wish no interest to be overlooked in our little but both popular and select county. This reference year-book is the only one for our shire: it is found not only throughout but beyond it, and we wish to make our compilation as correct as possible. To make for efficiency, please send all communications *early*.

Prospectuses, of course, are free: after their issue and before the Directory is printed the Public may be called upon by a representative from this office, but then it will be too late to choose positions for Advertisements or make large additions. Now is the time to give orders and prevent disappointment. Alterations can be made later. All the type is kept standing, and the forms are delivered to the machine room at one time, promptly printed and the sheets smartly delivered to waiting bookbinders.

Those who only desire a copy of the Directory should not fail to send in an order before we go to press; otherwise they will forfeit the concession and perhaps fail to get a copy at all.

*We warn the Public against being beguiled by strange canvassers who pretend to be associated with us.

All communications sent to 22 Bridge Street, will have careful attention

DOUGLAS YEAR BOOK OF SCOTTISH ASSOCIATIONS

Editor, JOHN DOUGLAS, F.S.A.Scot.

6 St Mary's Grove, Barnes Common, London, S.W., 13, 4th December, 19—
Messrs HIGGIE & Co., Printers and Publishers, Rothesay.

Dear Sirs,—Thank you very much for sending me the assortment of ivy leaves, which have been much admired. I showed them to several Scots on St Andrew's Day, and in each case the verdict has been the same. The leaves were considered a marvel.

It may interest you to see my Year-Book, a copy of which I enclose. Please accept with my best wishes. Believe me, yours faithfully,

JOHN DOUGLAS.

PEACE, HONOR and GOOD WILL

More than Christians believe that the Whole Human Family
will yet live together as Brethren.

THE GREAT CREATOR OF ALL made of one blood all races of Humanity but our forefathers got separated and estranged. The confusion of tongues did not cause them to be irreligious, the phenomenal success of the Boy Scout movement, generated by Sir Robert Baden Powell, demonstrates that latent good-fellowship, gratitude and honour can grow and mature. Long ago, the Prophet Zephaniah foretold the coming of a perfect language—which, in these latter times, the people are longing for in order to overcome misunderstandings and know and enjoy mutual intercourse in business and pleasure. The walls of Jericho fell very simply, and the lingual walls which have hitherto divided the nations, need no longer prevent all people that on earth do dwell—whatever their creeds, colour or idiosyncrasies—from satisfactorily communicating with each other by means of

ESPÉRANTO, The International Language.

Up-to Date **Mariners** use the **International Code of Signals** at sea.

Up-to-Date **Musicians** use the **International Staff Notation** for Music.

Up-to-Date **Businesses** use the **International Arithmetic** everywhere.

Up-to-Date **Persons** all { use the **International Language** { for intercommunication over the World }

Esperanto, like ENGLISH, is made up from other languages: its roots are taken from the same jungle, but scientifically treated in a garden pro bono publico.

The 11th Annual International Congress was to have been held in Edinburgh in 1915, but the Great War, which prevented the holding the 10th in Paris the previous year, was the means of causing the transfer of the 11th to San Francisco. To commemorate the opening of the Panama Canal a big Exhibition was held there, and a Tuta Pacifica Esperanto Kongreso developed into the 11a Tuta Mondo Esperanto Kongreso.

The 12th Kongreso Internacia was held at th Hague, Holland in 1920; the 13th at Prague, in 1921; the 14th at Helsingfors, Finland, in 1922; the 15th at Nürnberg in 1923, the 16th at Vienna in 1924, the 17th the following August again at Geneva; and the 18th at **Edinburgh**, in **1926** (when the Holy Bible, in Esperanto, was dedicated in St Giles' Cathedral). National congresses are held annually in all civilised countries, and international congresses in both hemispheres.

Esperanto—the language of Peace on Earth and universal brotherhood—is steadily spreading. It is much easier to learn and comprehend than any national language, and does the work of all. On the Continent during the Great War it was an incalculable blessing to Red Cross work and tracing the missing. It was a veritable open sesame into everything good. The world-wide Boy Scout movement has taken up the study of la kara lingvo. It is used at the great and happy international Jamborees—meetings so harmonious that they are appropriately closed by the singing of "Auld Langsyne."

Esperanto has been adopted by the League of Nations, League of Religions, and numerous business firms, tourist organisations and scientific societies everywhere. It is, of course, regularly broadcast by wireless.

The pronunciation of English is demonstrated by adoption of the new Esperanto letters, which are known throughout the world. Sorts can be had at ordinary prices from typefounders everywhere.

♦ BONI ♦ SKOTLAND ♦

The introductory pages of BONNIE SCOTLAND'S RESORTS translated
into Phonetic Longhand in commemoration of the Centenary of
Sir Isaac Pitman. The substituted letters for the new sounds
were not satisfactory, but we have managed to get (and
pay for, without assistance) a font of type cast, which
we began to use in our spelling reform publication,

SKOTS at HEM and ABROD and who wi' dem forgerðer.
which shows, not only the necessity for an adequate alphabet,
but how the whole world will benefit, and peace, honor,
good-will and prosperity be promoted. 44 pages (salved) 2d.

24 years ago, a deputation from the third Esperanta Kongreso Internacia visited three
places in Skotland, viz., Edinburgh, Glasgow and Rothesay, and while sailing out of
Sweet Bothesay Bay on a pleasant cruise round the Isle of Bute, they were so charmed
that they enjoyed singing Auld Langsyne in the Skots Doric—Esperanto letters being
introduced. When the Bible in Esperanto, was dedicated in St Giles' Cathedral
Edinburgh in 1926, there was another pleasure excursion to the West of Scotland,
but a large steamer had to be specially chartered for this occasion. Sroj. Higbie &
Kio., had a verda standardo flying at Rothesay in honour of the visitors.
